CRAFTY TEMPLATES

Quirky Creative Papercraft Goodies

November December 2014 Edition

Simple Sketches is a printed supplement of ideas for main Quirky Kit subscribers. The sheet contains sketches and starting point ideas for scrapbook pages and embellishing to give you a kick start in creating with your new kit. Remember to also visit the Quirky Kit blog and Pinterest boards for more ideas and inspiration from the design team and across the web. You can find links to these on the main store page, www.craftytemplates.co.uk

Sketch One

Subtle and shiny

Create a subtle border with white sewing or loose thread on a white background and layer patterned papers inside it with a photo on top. Add in the snowflake acetate embellishments and sequins to the border to embellish white retaining a subtle elegant over all look.

Create a garland from your patterned paper by cutting circles and attaching with cord/twine to your layout background.

Sketch Two

Create a background using two different patterned papers cut in half. Make a neutral base for your photo using a strip of plain cardstock behind it and as base for your journaling.

Sketch Four

Daily Backgrounds

Cut the daily from the kit in half and use it underneath a photo to create a different kind of photo matt or along the edge of the layout to frame it.

Sketch Five

Double Photo

This sketch is an efficient way to use lots of photos and journaling on a page while still allowing space for embellishment. Cut smaller shapes like triangles from the patterned paper to decorate a plain cardstock journaling space. Use patterned paper as a background as well as a photo matt.

Sketch Six

Circle Photo

Go retro with a circle shaped photo. Make a circle template first with a piece of clear plastic packaging to lay over your photo so you get the bit you want then cut out around it. Echo the circle shape using sequins and circles of cut out paper from the kit.
