Design Team Inspirations

Hi!

Welcome to the September inspiration! We have a real mix up of template ideas this month but the main inspiration has been retro and kitsch designs of the 50's and 60's. We've got more ideas from Kathy using this month's templates.

If you would like one of this month's paper kits to go along with your templates as used with in the samples in your templates set you can grab one from the Crafty Templates store. This month the kit is called 'Funky Retro' and it's got lots of kitschy papers and quirky

embellishment. Check it out here: <http://www.craftytemplates.co.uk/funkyretrocardkit.html>

Have fun this month!

More Card Inspiration

If you're looking for a starting point this month why not have a go at making some fun 'off the edge' cards. I've made a few for this month's samples you can take inspiration from, (shown below). Instead of sticking to the outlined area of your square or rectangle card blank cut down your card blank and allow your embellishments to sit over the edges. To make sure your card will still fit inside your envelope use your envelope as a guide to placing the embellishments. If you have a go why not post up what you've made on the Crafty Templates Facebook wall. It's a really fun way to interact with others using Crafty Templates check out the page here, <http://www.facebook.com/pages/Crafty-Templates/165349430193543> or search for 'Crafty Templates Facebook' on Google.

Have fun!
